

TRAFFIC SAFETY AND SIGNAGE COMMITTEE

Monday, August 1, 2022 @ 2:00pm
305 SW “A” Street – Bentonville, AR 72712

OLD BUSINESS:

Andrew Heath, andrew@downtownbentonville.org (717)824-2281

Request street closure of NE A Street, immediately in front of Count Courthouse, Friday October 14, 2022 and Saturday October 15, 2022 from 2pm to 9pm to host Farm Dinner. This is a ticketed dinner event showcasing products sold at Farmer’s Market.

Minutes from 7-11-22: Motion made by Cindy Acree to table pending more event details related to alcohol sales. Seconded by David Mills. Voice vote – motion approved.

Minutes from 8-1-22: Mr. Heath has decided to take another route with this event. No Action Needed.

NEW BUSINESS:

Daniel Becker, larrys8milechallenge@gmail.com (479)372-7329

Request to close roads for the Annual Larry’s Run for CF, November 5, 2022 from 7am to 11am. Same route as previous years.

Motion made by Ray Shastid to approved date/time and route as submitted. Seconded by David Mills. Voice vote – motion approved.

Jeremy Mincke, jeremy@cdhunter.com (479)381-5011

Request additional signalization at East Central and Woods Creek Road, due to the increasing traffic and construction.

After discussion of this ARDOT ROW request for Traffic Signal, motion made by Cindy Acree to have Committee Chairman Dennis Birge reach out to ARDOT to request a Safety Study and

possible break-out project for signalization at Woods Creek & HWY 72. Seconded by David Wright. Voice vote – motion approved.

Jenna Stobart, jstobart@sagepartners.com (918)697-1935

Requesting to install a gate specifically located on the private road “2501 Technology Circle” to limit thru traffic bisecting the road between Moberly and Phyllis. This request may also involve signage to alert drivers of “No Thru Traffic”

The Committee will need to investigate the area due to Fire & Emergency Service needs. Committee advised that signs can be installed by property owner such as No Parking or No Thru Traffic along Technology Circle. Motion made by David Wright to table until Fire & Emergency Services can review. Seconded by Cindy Acree. Voice vote – motion approved.

Joanne Johnson, joanne.johnson@halff.com (479)579-3993

Traffic study completed for LSD22-0034 Trail to Osage Park, recommends two crosswalks with signage to get across SW Rainbow Farm & SW Shell Road (mid-block). Plans will be sent separately via email.

After review of both location, Committee agrees with the need for mid-block crossings. Traffic Study submitted with the Large Scale Development does not warrant such devices but the Committee strongly recommends RRFB devices be installed. Motion made by Ray Shastid to approved approval of mid-block with the RRFB recommendation. Seconded by David Wright. Voice vote – motion approved.

MISCELLEAOUS:

UPDATE ONLY:

Dennis Birge brought a request for Barron Rd / Hwy 12 intersection signage for right turn only for specific time of day.

Minutes from 7-11-22: Committee decided to table until more date can be given from both traffic study and ARDOT allowances for this intersection. Dennis Birge to work with ARDOT and bring back to the Committee at later date.

Minutes from 8-1-22: Dennis Birge informed Committee that Transportation will be installing ARDOT for “No Left Turns” Signage from 7-830am and 2-330pm. David Mills should have in place within two weeks.

NEXT PROPOSED MEETING: Need to discuss due to the Labor Day Holiday

Committee agreed next meeting will be the Monday following Labor Day, September 12.

Requires 90 days notice prior to the event date

Traffic Calming Request: Signals Signage, Trails and Crosswalks

*May require neighbor notifications

May require traffic study and/or neighbor notifications

The neighbors of Woods Creek are requesting the addition of a stop light at E Central and Woods Creek Rd. The already dangerous and difficult to see when turning intersection has become rapidly more difficult to exit. The additional traffic doesn't allow for a safe exit for up to 10 min. at a time. With the new commercial and residential construction ongoing for the foreseeable future this will only become much worse.

Traffic Calming Request: Signals, Signage, Trails and Crosswalks

*May require neighbor notifications

May require traffic study and/or neighbor notifications

I am a property manager for Sage Partners, and we manage the property on Technology Circle in Bentonville. We are constantly having issues with thru traffic using our street to bisect the road in between Moberly and Phyllis Streets, including semi trucks and other oversized vehicles. They also use that opportunity to park in our lots and use our business' restrooms before they move their vehicles, which have been blocking our tenants' and their customers' access to their places of business. We are hoping to implement a gate specifically located at one end of our private road, not including the public thoroughfare of David Glass Road, to limit thru traffic in our business park. This also may require signage to be included at the beginning of David Glass, alongside Phyllis, to alert drivers.

Traffic Calming Request: Signals, Signage, Trails and Crosswalks

*May require neighbor notifications

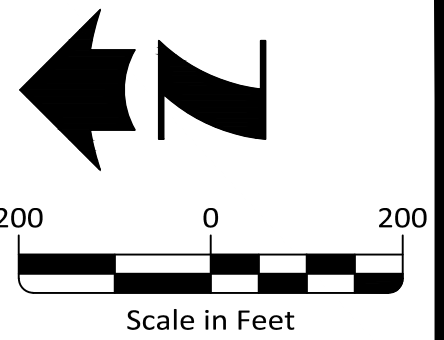

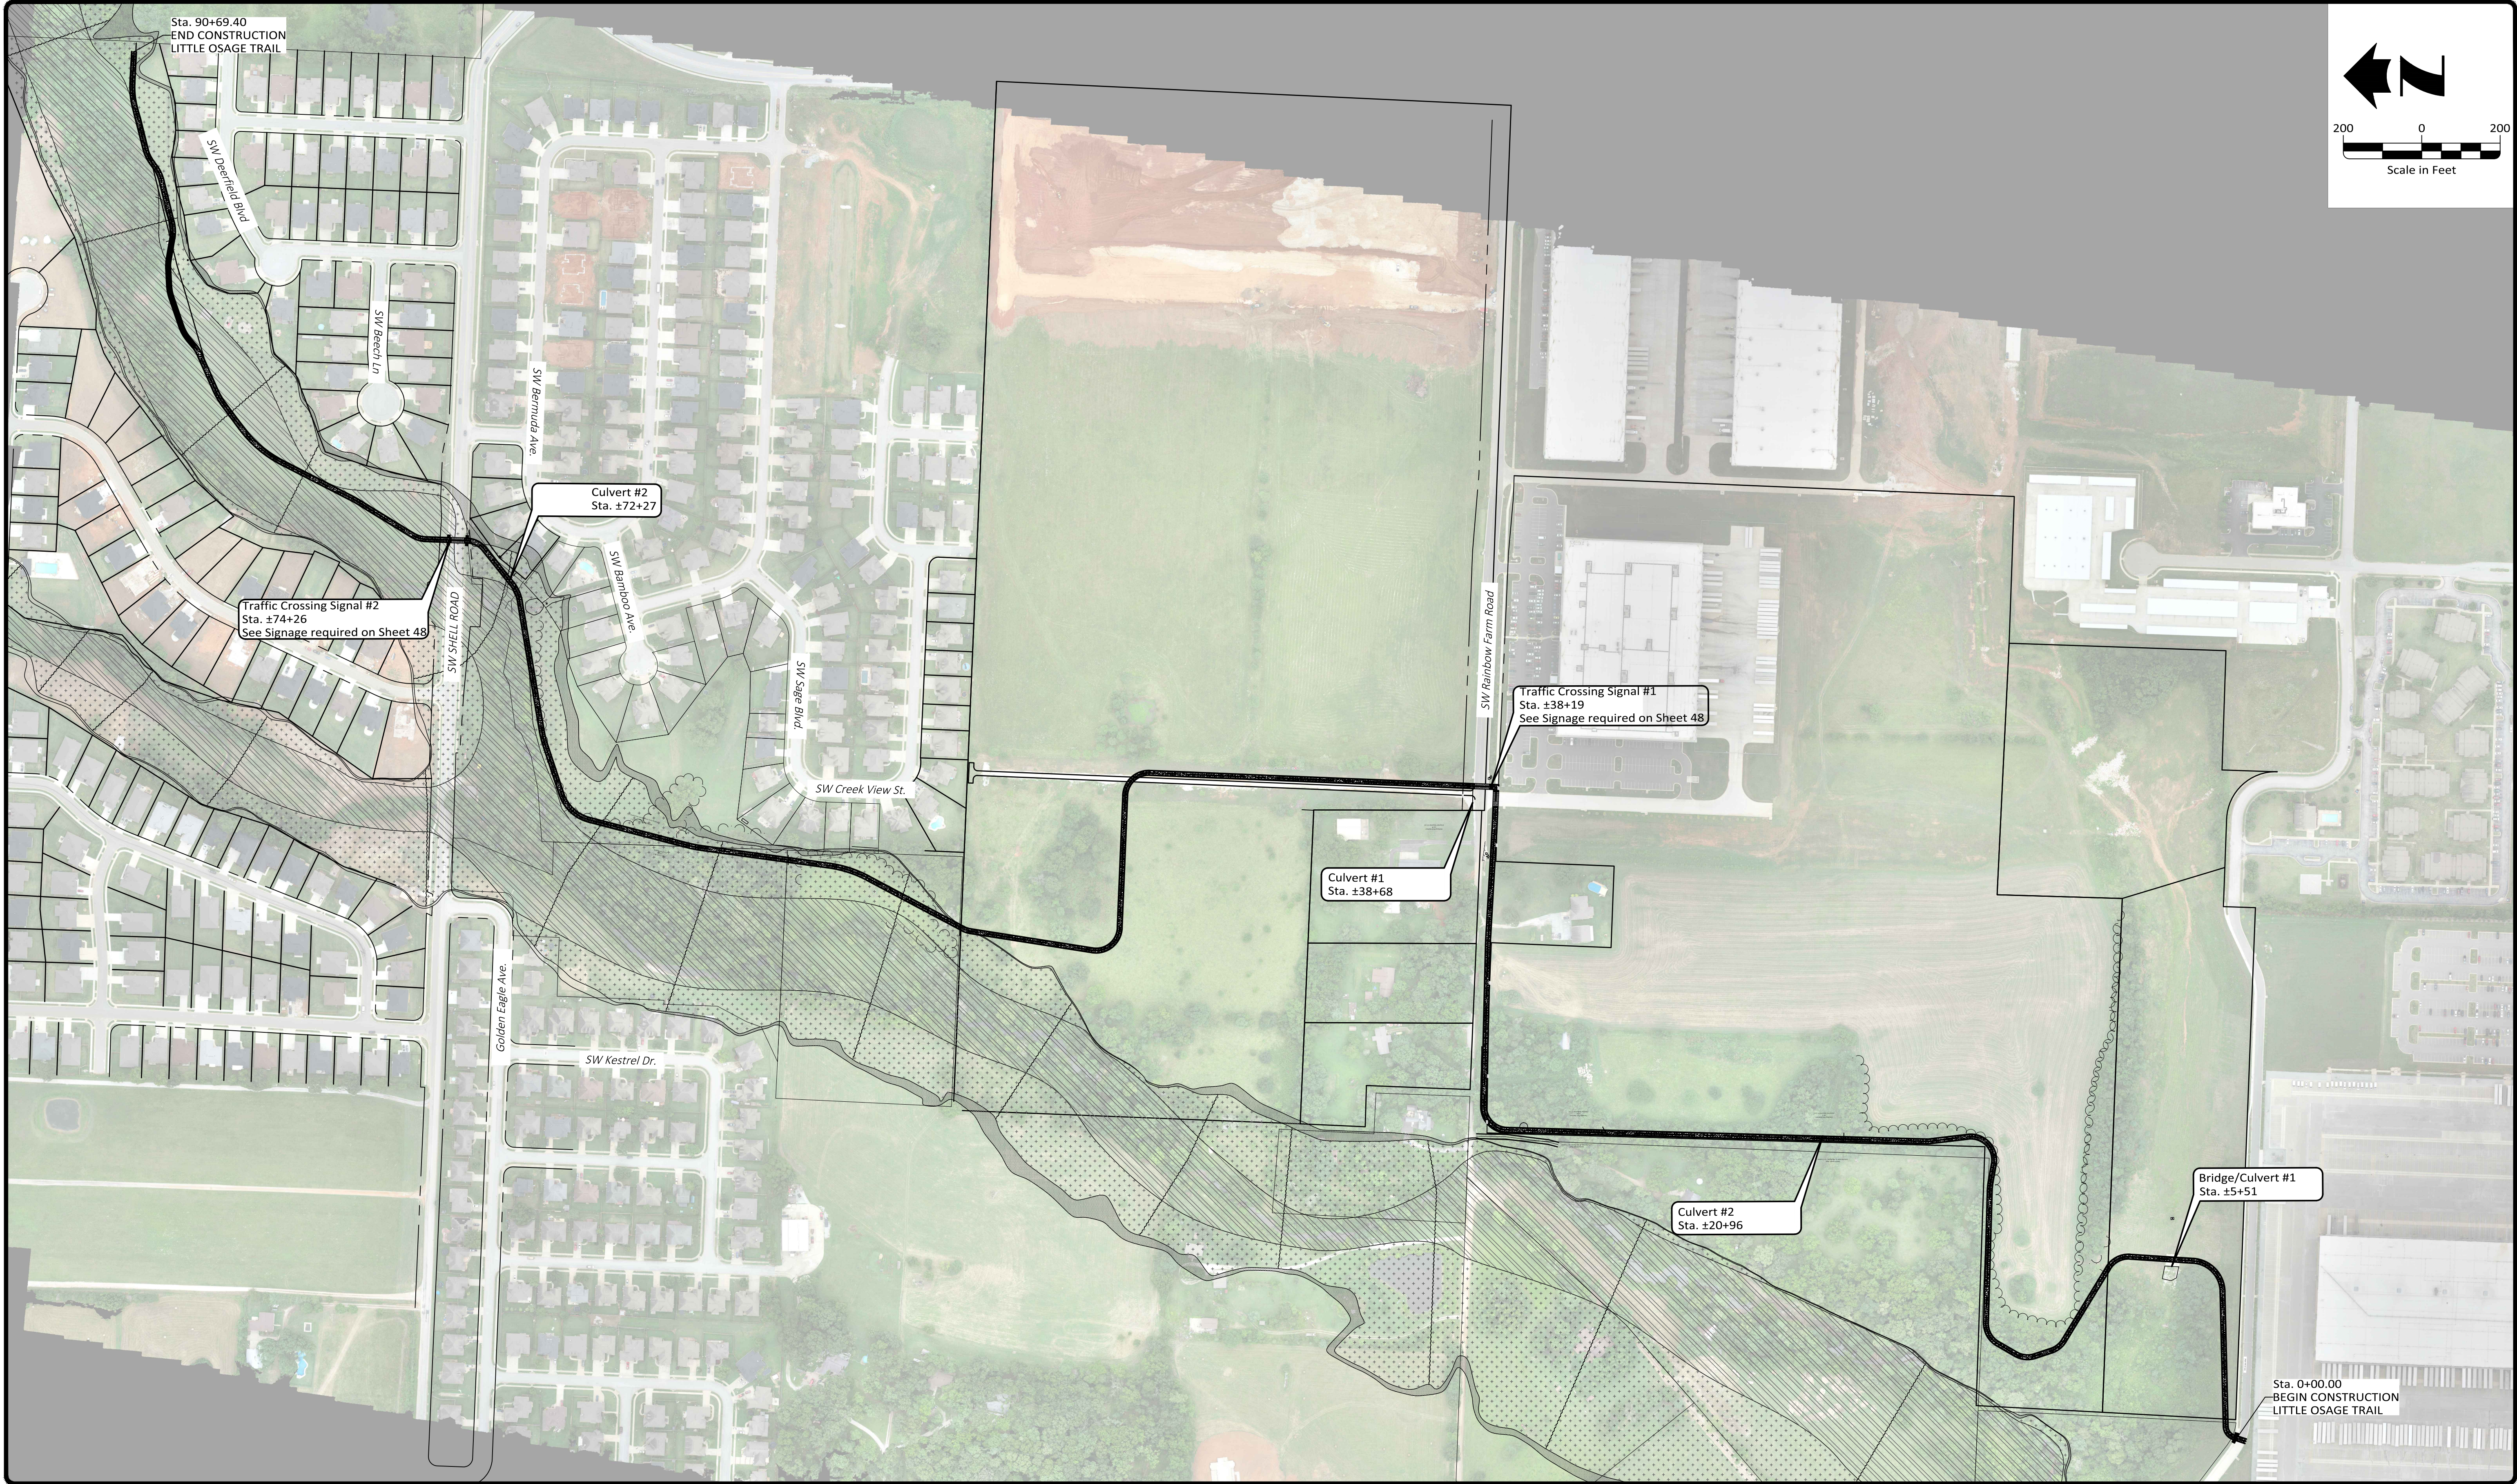

May require traffic study and/or neighbor notifications

This project implements two crosswalks to get across SW Rainbow Farm Road and SW Shell Road. Per the traffic study, in addition to the installation of crosswalks at these locations, there should also be signage installed. The signage recommended to be installed are the W-11-15 and W-16-7p. These all denote a trail, bicycle, or pedestrian crossing to oncoming traffic.
