| **Title:** | Vehicle Maintenance Budget Adjustment |
| **Action Recommendation & Justification:** | Resolution requesting a Budget Adjustment to the Vehicle Repairs and Maintenance budget to finish out 2023. A Budget Adjustment is needed. |
| **Additional Comments for Consideration (Optional):** | There have been a few unexpected expensive repairs that needed to be completed so far this year. We have started to out source the preventative maintenance due to liability issues. Not receiving donated supplies any more kept it cost prohibitive to do ourselves. We have also started to rely more on the maintenance rep. from our dealer to come to our department to repair vehicles. This has greatly decreased the amount of time that we have vehicles out of service. |

8. Ensure that the plans and specifications are developed using the Department's standard drawings and Standard Specifications for Highway Construction (latest edition).

9. Ensure that the plans and specifications comply with the Americans with Disabilities Act (ADA), the American Association of State Highway and Transportation Officials (AASHTO) design standards, and all other applicable state and federal regulations, including airport clearance when necessary, for the type of work involved.

10. Before acquiring property or relocating utilities, contact the Department's Right of Way Division to obtain the procedures for acquiring right-of-way and adjusting utilities in compliance with federal regulations. **NOTE: Failure to notify the Department prior to initiating these phases of work may result in all project expenditures being declared non-participating in federal funds.**

11. Acquire property in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (commonly referred to as the "Uniform Act").

12. Ensure the preparation of utility adjustment and right-of-way plans are in accordance with Arkansas State Highway Commission Policy.

13. Provide a copy of the registered deed or other approved documentation and an appropriate certification stating the Sponsor's clear and unencumbered title to any right-of-way to be used for the Project (Form LPA-007). If property has been acquired for the Project, use Form LPA-006 for certification of the right-of-way. **NOTE: Any property that is to become Department right-of-way must be acquired in the Department's name.**

14. Submit plans at 30%, 60%, and 90% completion stages for Department review.

The Sponsor's final share of cost for this phase will be determined by actual Department charges to construction engineering.

20. Prior to issuing the notice to proceed to the Contractor, the Sponsor must hold a pre-construction meeting with the Contractor and **must invite the Department's Resident Engineer assigned to the Project.**

21. Ensure that all work, material testing and acceptance, and inspection is conducted in accordance with the Department's Standard Specifications for Highway Construction (latest

This form must be signed by the engineer performing construction inspection on the Project, the Department's Resident Engineer assigned to the project, the Sponsor's full-time employee in responsible charge, and the Sponsor's CEO.

27. Maintain accounting records to adequately support reimbursement with Federal-aid funds and be responsible for the inspection, measurement and documentation of pay items, and certification of all work in accordance with the plans and specifications for the Project and for monitoring the Contractor and subcontractor(s) for compliance with the provisions of FHWA-1273, Required Contract Provisions, Federal-aid Construction Contracts, and Supplements.

28. Pay all unpaid claims for all materials, labor, and supplies entered into contingent or incidental to the construction of said work or used in the course of said work including but not limited to materials, labor, and supplies described in and provided for in Act Nos. 65 and 368 of 1929, Act No. 82 of 1935, and Acts amendatory thereof.

29. The contractor shall furnish the Sponsor with documentation of proof of liability insurance coverage with submission of the signed contract.

30. Agree that any claims, liability, costs, expenses, demands, settlements, or judgments arising from misconduct or the negligent acts or omissions of the Sponsor, its employees, agents or contractors in the performance of the Project and this Agreement must be presented to the Sponsor. Further, the Sponsor by acceptance of this grant, agrees that the Department and the Arkansas State Highway Commission, as the pass-through entity, have no duty or responsibility for the design, construction, maintenance or operation of the Project that is the subject of this grant, and, therefore shall have no liability related to the design, construction, maintenance or operation of the Project. The Sponsor also agrees to assume all risks associated with the work to be performed by its agents, employees, and contractors under this grant and Agreement and the Department and the Arkansas State Highway Commission, as the pass-through entity, shall not be responsible or liable for any damages whatsoever from the actions of the Sponsor, its employees, agents and contractors.

31. Assure that its policies and practices with regard to its employees, any part of whose compensation is reimbursed from federal funds, will be without regard to race, color, religion, sex, national origin, age, or disability in compliance with the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967, The Americans with Disabilities Act of 1990, as amended, and Title 49 of the Code of Federal Regulations Part 21 (49 CFR 21), Nondiscrimination in Federally-Assisted Programs of the Department of Transportation.

32. Retain all records relating to inspection and certification, the Contractor's billing statements, and any other files necessary to document the performance and completion of the work in accordance with requirements of 2 CFR Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Form LPA-017).

33. Grant the right of access to the Sponsor's records pertinent to the Project and the right to audit by the Department and Federal Highway Administration officials.

34. Be responsible for 100% of all project costs incurred:

    - should the Project be declared non-participating in federal funds, including any such award by the State Claims Commission; or
    - not provided by the Federal Highway Administration.

35. Sign and transmit to the Department the Certification for Grants, Loans, and Cooperative Agreements (Form LPA-018), which is necessary for Project participation.

36. Repay to the Department the federal share of the cost of any portion of the Project if, for any reason, federal participation is removed due to actions or inactions of the Sponsor, its agents, its employees, or its assigns or the Sponsor's consultants or contractors or their agents. Such actions or inactions shall include, but are not limited to, federal non-participation arising from problems with design plans, specifications, construction, change orders, construction inspection, or contractor payment procedures. The Sponsor understands and agrees that the Department may cause necessary funds to be withheld from the Sponsor's Motor Fuel Tax allotment should the Sponsor fail to pay to the Department any required funds, fail to complete the Project as specified, or fail to adequately maintain or operate the Project.

37. Retain total, direct control over the Project throughout the life of all project improvements outside of the Department's right-of-way and **not, without prior approval from the Department:**
    - sell, transfer, or otherwise abandon any portion of the Project;
    - change the intended use of the Project;
    - make significant alterations to any improvements constructed with Federal-aid funds; or
    - cease maintenance or operation of a project due to the Project's obsolescence.
38. Be responsible for satisfactory maintenance and operation of all improvements and for adopting regulations and ordinances as necessary to ensure this. Failure to adequately maintain and operate the Project in accordance with Federal-aid requirements may result in the Sponsor's repayment of federal funds and may result in withholding all future Federal-aid.
39. Submit to the Department a Single Audit in accordance with the Office of Management and Budget (OMB) Circular A-133 each fiscal year that the Sponsor expends more than $500,000 of Federal-aid from any federal source including, but not limited to, the U.S. Department of Transportation. The fiscal year used for the reporting is based on the Sponsor's fiscal year. The $500,000 threshold is subject to change after OMB periodic reviews.

2. Review environmental documentation as prepared by the Sponsor.
3. Review plans and specifications submitted by the Sponsor.
4. Notify the Sponsor when right-of-way and/or utility plans are approved and the Sponsor may proceed with right-of-way acquisition and/or utility adjustments.

7. Advise the Sponsor when to proceed with advertisement of the Project for construction bids.
8. Review bid tabulations and concur in award of the construction contract for the Project.
9. Ensure that the Sponsor and the Sponsor's consultant provide adequate supervision and inspection of the Project by performing periodic inspections with the Sponsor's representatives and their consultant to verify that the work being performed by the Sponsor's contractor, and documented and certified by the Sponsor, meets the requirements of the Project plans, specifications, and all applicable FHWA and Department procedures. The Department intends to perform these inspections, at a minimum, when the construction work is approximately 10% and 50% completed. The Department will also participate in the final inspection of the Project.
10. Review and approve any necessary change orders for project/program eligibility.
11. Reimburse the Sponsor 80% (Federal-aid share) for eligible construction costs approved in the CCRR form (Form LPA-014). This reimbursement will be limited to the maximum Federal-aid amount and to the federal amount available at the time payment is requested. If the payment requested exceeds the Federal-aid available at the time, the difference will be reimbursed as additional Federal-aid for the Project becomes available.
12. Subject to the availability of Federal-aid allocated for the Project, pay the Sponsor the remaining amount due upon completion of the Project and submittal of the certified LPA Final Acceptance Report form (Form LPA-016).
13. Provide all form updates via email to the contact as shown on Form LPA-005.

**IT IS FURTHER AGREED** that the Department reserves the right to cancel the Project without liability against the Department for any reason including, but not limited to, unreasonable delay or lack of progress, the Sponsor is unable to provide an audit-worthy reason for the substantial delay in the project development or completion process, or the Sponsor is unresponsive to the Department's requests.

**IT IS FURTHER AGREED** that should the Sponsor fail to fulfill its responsibilities and assigned duties as related in this Agreement, such failure may disqualify the Sponsor from receiving future Federal-aid highway funds.

**IT IS FURTHER AGREED**, that should the Sponsor fail to pay to the Department any required funds due for project implementation or fail to complete the Project as specified in this Agreement, or fail to adequately maintain or operate the Project, the Department may cause such funds as may be required to be withheld from the Sponsor's Motor Fuel Tax allotment.

# GENERAL REQUIREMENTS
# FOR
# RECIPIENTS AND SUB-RECIPIENTS
# CONCERNING DISADVANTAGED BUSINESS ENTERPRISES

It is the policy of the U. S. Department of Transportation that disadvantaged business enterprises (DBEs) as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this Agreement. Consequently, the DBE requirements of 49 CFR Part 26 apply to this Agreement.

The recipient or its contractor agrees to ensure that DBEs as defined in 49 CFR Part 26 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this Agreement. In this regard all recipients or contractors shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that DBEs have the maximum opportunity to compete for and perform contracts. Recipients and their contractors shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

If as a condition of assistance the recipient has submitted and the Department has approved a disadvantaged business enterprise affirmative action program, which the recipient agrees to carry out, this program is incorporated into this financial assistance agreement by reference. This program shall be treated as a legal obligation and failure to carry out its terms shall be treated as a violation of this financial assistance agreement. Upon notification to the recipient of its failure to carry out the approved program, the Department shall impose such sanctions as noted in 49 CFR Part 26, Subpart F, which sanctions may include termination of the Agreement or other measures that may affect the ability of the recipient to obtain future DOT financial assistance.

The recipient shall advise each sub-recipient, contractor or subcontractor that failure to carry out the requirements set forth in 49 CFR Part 26, Subsections 26.101 and 26.107 shall substitute a breach of contract and after the notification of the Department, may result in termination of the agreement or contract by the recipient or such remedy as the recipient deems appropriate.

(NOTE: Where appropriate, the term "recipient" may be modified to mean "sub-recipient", and the term "contractor" modified to include "subcontractor".)

**LOCAL AGENCY**

**CONSULTANT SELECTION PROCEDURES**

**Section I – Application *(These procedures do not apply to Design-Build Contracts.)***

These procedures apply to federally and state funded contracts for engineering and design related services for projects and are issued to ensure that a qualified consultant is obtained through an equitable qualifications-based selection procurement process and that the prescribed work is properly accomplished in a timely manner at a fair and reasonable cost.

Engineering and design related services are defined in 23 Code of Federal Regulations (CFR) Part 172 to include program management, construction management, preliminary engineering, design engineering, surveying mapping, or architectural related services with respect to a highway construction project. These services also include professional services of an architectural or engineering nature, as defined by State law, which are required to or may logically or justifiably be performed or approved by a person licensed, registered, or certified to provide the services with respect to a highway construction project. Contracts for these services that are paid with Federal-aid highway program (FAHP) funding will be awarded following these selection procedures.

The federal laws and regulations that govern the procurement of engineering and design related services with FAHP funds are:

- 23 United States Code (U.S.C.) 106 "Project approval and oversight"
- 23 U.S.C. 112 "Letting of contracts"
- 23 U.S.C. 114(a) "Construction Work In General"
- 23 U.S.C. 302 "State transportation department"
- 23 U.S.C. 315 "Rules, regulations, and recommendations"
- 23 U.S.C. 402 "Highway safety programs"
- 40 U.S.C. Chapter 11 – Selection of Architects and Engineers, §§1101 *et seq.*, commonly called the "Brooks Act"
- 2 CFR Part 200 "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards"
- 23 CFR Part 172 "Procurement, Management, and Administration of Engineering and Design Related Services"
- 48 CFR Part 31 "Contract Cost Principles and Procedures"
- 49 CFR Part 1.48(b) "The Federal Highway Administrator is delegated authority to administer the following provisions of title 23, Highways, U.S.C."

In accordance with the above federal laws and regulations, the Arkansas Department of Transportation (Department) has approved these procedures for use by

the Local Agency for the "competitive negotiation" (qualifications-based selection) method of procurement as defined in 23 CFR §172.7, Procurement Methods and Procedures that complies with the Brooks Act (40 U.S.C. §§1101, *et seq.*).

The Local Agency will use these procedures for Federal-aid contracts and may elect to use them for non-Federal-aid contracts.

**Section II – Advertisement for Letters of Interest**

The Local Agency may employ a consultant engineering firm when a need exists for engineering services, and it is in the Local Agency's best interest to employ an engineer or engineering firm.

As a minimum, the Local Agency will advertise in a statewide newspaper, the Department's website and the Local Agency's website (if available), advising that consultant engineering services are being sought. In addition, the Local Agency may advertise in appropriate national trade magazines or websites for specialized services.

Interested firms must furnish:

1. A cover letter with the firm's response including primary contact information.
2. The firm's completed Architect-Engineer Qualifications Standard Form (SF) 330 Parts I and II (48 CFR §53.236-2(b)). (SF 330 is available on the Department's website.)
   http://arkansashighways.com/consultant_services/advertisements/advertisements.aspx
3. A current copy of the firm's equal employment opportunity policy required per Arkansas Code Annotated (Ark. Code Ann.) §19-11-104.
4. The firm's current copy (within 12 months) of the Department and Finance and Administration (DFA) Illegal Immigrant Contractor Disclosure Form (Ark. Code Ann. §19-11-105).
   https://www.ark.org/dfa/immigrant/index.php/user/welcome

Advertisements may be for either a specific single project; a group of projects; or for an on-call or indefinite delivery/indefinite quantity (IDIQ) for an established contract period (not to exceed 5 years), to be determined at a later date with specific task orders issued for each project. (23 CFR §172.9(a))

When advertising a specific project, the advertisement will describe the work in general terms allowing firms to evaluate their interest in performing the desired services.

When advertising a group of projects, a general description of work will be furnished. Firms will be asked to specify the projects they are interested in performing. When the Local Agency decides to proceed with a certain project, those firms having expressed interest in that project will be considered for selection.

When advertising for an on-call / IDIQ projects with later specified task orders, the advertisement will include a general description of work for the project task and the number of consultants anticipated to be selected.

If a solicitation fails to yield three qualified respondents, then the Local Agency may proceed with evaluation and selection if the Local Agency and the Department determines that the solicitation did not contain conditions or requirements that arbitrarily limited competition. Alternatively, the Local Agency may pursue procurement following the noncompetitive method when competition is determined to be inadequate and it is determined to not be feasible or practical to re-compete under a new solicitation. (23 CFR §172.7(a)(1)(iv)(D))

Solicitations will include language to comply with state procurement laws, rules, and regulations including but not limited to Ethical Standards (Ark. Code Ann. §19-11-708), Employee and Relative Disclosure, and Equal Opportunity Policy.

Interested firms are advised that in order to comply with state and federal requirements that the Local Agency will verify suspension and debarment actions and eligibility status of consultants in accordance with 2 CFR Part 1200 and 2 CFR Part 180.

Ark. Code Ann. §§19-11-701 through 19-11-714 addresses ethics and conflicts of interest. Federal regulations about conflicts of interest are described in 2 CFR §200.112, 23 CFR §1.33, and provisions of 23 CFR §172.7(4). No Local Agency employee may participate in selection, award or administration of a contract in which the Local Agency employee or any member of his or her immediate family has a financial, prospective financial, or other interest. Additionally, in accordance with Ark. Code Ann. §19-11-704(b) it is a breach of ethical standards for any person, including potential consultants, or parties to subagreements to engage in any conduct or behavior with other consultants, contractors, cities, counties, state agencies, or metropolitan/local planning organizations that may influence any public employee to breach the standards of ethical conduct provided by state and federal laws.

## Section III – Selection Committee

The Local Agency will designate a Selection Committee (Committee) to evaluate and analyze the letters of interest (LOI) and proposals.

## Section IV – Evaluation of Letters of Interest

The Committee will evaluate each consultant firm based on the criteria provided in the detailed LOIs in general as follows:

| No. | Evaluation Factors for LOIs | Maximum Points Possible |
|---|---|---|
| 1 | Professional staff including the education, experience, number of personnel available, and any partnerships with sub-consultants | 10 |
| 2 | General and professional reputation, including responsiveness to civil rights and equal employment opportunity requirements and opportunities | 10 |
| 3 | *Past work performance | 10 |
| 4 | Experience with projects of a similar nature as those advertised | 10 |
| | Total Points for LOI | 40 |

*Past performance or evaluations from other clients will be considered when the firm has not worked for the Local Agency previously.

Following their review, the Committee will prepare a short list (minimum of three) of the top ranked engineering firms and recommend that these firms submit detailed proposals for further evaluation.

## Section V – Request for Proposal

The Local Agency will prepare a scope of work statement and request proposals from the engineering firms on the short list. For projects with FHWA oversight, which are identified by FHWA as Projects of Division Interest (PoDI) projects, the Local Agency will forward the scope of work statement to the Department and FHWA for review and approval before soliciting request for proposals (RFPs). A Local Agency's scope of work will typically include the following:

1. A detailed purpose and description of the work,
2. Services that will be furnished by the Local Agency,
3. Services that will be furnished by the consultant,
4. Deliverables to be provided,
5. Project conditions of the work,
6. Schedule for performance of the work,
7. Special conditions of the work including applicable standards, specifications, and policies, and
8. Assurance of participation of certified Disadvantaged Business Enterprises (DBE) in Federal-aid projects as Department goals for the Project are established.

The short-listed firms should submit proposals that contain the following:

1. A cover letter with primary contact information,
2. A detailed work plan that identifies the major tasks of work,
3. A list of major concerns associated with completing the work,
4. A detailed work schedule for specific projects as requested,
5. A manpower estimate for specific projects as requested, and
6. Updated Standard Form 330 Parts I and II, if necessary.

The Committee will review the proposals with particular attention to the five (5) listed evaluation factors for the proposals and will also consider the results determined in Section IV. The evaluation factors and their relative importance will be listed in the RFP if any of the factors are different from the list below.

| No. | Evaluation Factors for Proposals | Maximum Points Possible |
|---|---|---|
| 1 | Obvious indication that the scope of work is clearly understood | 20 |
| 2 | Comprehensive, coherent, and detailed work plan | 20 |
| 3 | Realistic work schedule when applicable | 10 |
| 4 | Proposed working office location, need for a local office, and any local representative* | 5 |
| 5 | Identification of sub-consultants and responsiveness to DBE goals and opportunities | 5 |
| 6 | Total Points for LOI | 40 |
| | Total Points for Proposals | 100 |

*Locality preference shall not be based on political or jurisdictional boundaries and may be applied on a project-by-project basis for contracts where a need has been established for a consultant to provide a local presence, a local presence will add value to the quality and efficiency of the project, and application of this criteria leaves an appropriate number of qualified consultants, given the nature and size of the project. (Consultants indicating that it will satisfy this factor in some manner, such as establishing a local project office, shall be considered to have satisfied this factor.)

Based on these evaluation factors, the Committee will rank the consultants based on the total score and submit the list to the Local Agency who will either:

1. Select one (1) firm to enter negotiations with; or
2. Select
   a. Multiple firms for an IDIQ contract; or
   b. Three or more firms to interview (a firm may present additional information concerning their proposal at the interview). After the interviews, the Committee will re-evaluate the firms based on the interview and the same evaluation factors as noted previously. The ranking list will be submitted to the Local Agency for review and final selection.

The Local Agency's contract file will contain records of the rankings and supporting data; however, the rankings will not be public information. Copies of the LOI advertisement, the rankings, and supporting data shall be submitted to the Department.

Notification must be provided to all responding consultants of the final selection of the most qualified consultant including the ranking of the top three consultants on projects where only one consultant is selected.

**Section VI – Negotiation and Contract Preparation**

Once a firm is selected for negotiation for a specific job or a group of projects, it will prepare a draft contract including a cost estimate for the project(s). The other firms on the short list will be advised of the firm selected, subject to successful negotiations. Prior to receipt or review of the draft contract and cost estimate, the Local Agency shall prepare a detailed independent estimate with an appropriate breakdown of the work or labor hours, types or classifications of labor required, other direct cost and consultant's fixed fee for the defined scope of work. The independent estimate shall serve as the basis for negotiation to ensure a fair and reasonable cost is obtained.

More than one firm may be selected for an on-call or IDIQ contract. The contract will establish a maximum ceiling price for work issued under the contract as well as an expiration date not to exceed 5 years, per 23 CFR Part 172. Individual task order cost estimates will be negotiated when issued.

The selected firm will prepare a draft contract based on a sample contract furnished by the Department. In accordance with the principles of 23 CFR 172, the draft contract must include an overhead rate that is approved by the Department. If the contract exceeds $250,000, in accordance with the Department's Indirect Cost Rate Audit Requirements, the indirect cost rate shall be verified through an audit performed by a certified public accountant on behalf of the consultant. If the contract is less than $250,000, and at least one of these conditions applies:

1. When there is insufficient knowledge of the consultant's accounting system
2. When there is previous unfavorable experience regarding the reliability of the consultant's accounting system
3. When the contract involves procurement of new equipment or supplies for which cost experience is lacking

then the Consultant shall provide the indirect cost rate verified through an audit performed by a certified public accountant on behalf of the consultant. The certified audit shall be provided by the selected firm prior to the submission of the final draft contract.

Pursuant to this requirement, the Department will notify the Local Agency if an audit by a certified public accountant for the selected firm is necessary. The certified audit needs to be provided by the selected firm prior to the submission of the final draft contract.

The Local Agency will review the draft contract proposal and either approve it as submitted or enter into negotiations with the selected firm to establish a contract and contract ceiling price that the Local Agency deems is fair and reasonable. If a satisfactory contract cannot be negotiated with the selected firm, negotiations will be

formally terminated. The Local Agency will then enter into negotiations with the second ranked firm. If negotiations with that firm fail, the Local Agency will formally terminate those negotiations and begin to negotiate with the third ranked firm, and so on. If the Local Agency cannot negotiate a satisfactory contract with any of the firms on the short list, the Local Agency shall either:

1. Request proposals from additional firms who have submitted LOIs and are considered competent and qualified; evaluate and rank the firms based on the criteria described in Section V; and continue the negotiation process, or
2. Terminate all negotiations and begin the selection process again, or
3. Pursue procurement following the noncompetitive method when competition is determined to be inadequate and it is determined to not be feasible or practical to re-compete under a new solicitation. (23 CFR §172.7(a)(1)(iv)(D))

When the Local Agency and the consultant agree the negotiated contract is fair and reasonable, the consultant will prepare a final draft and submit it to the Local Agency and the Department for review. After review and a determination that it is acceptable, the consultant will sign the contract. The Local Agency will then execute the contract. The contract will subsequently be submitted to the Department for final review and approval including funding. When approved, copies of the signed contract will be distributed within the Local Agency and to the consultant.

For projects with FHWA oversight and for on-call or IDIQ contracts where the consultant performs a management role utilizing federal funds, the Department will forward the initial and final drafts of the contract to FHWA for review and comment. The FHWA approves the final executed contract by stamp and signature and retains a copy.

After the Local Agency executes an on-call or IDIQ contract, it will assign specific projects by task order for the duration of the contract period. The consultant will prepare each task order based on the scope of work furnished by the Local Agency. The task order will include a manpower estimate and cost. The Local Agency will review the task order and approve it as submitted or negotiate with the consultant to establish a task order and task order amount that the Local Agency deems is fair and reasonable. After review and a determination that the task order is acceptable, the consultant will sign the task order. The Local Agency will then execute the task order. The task order will subsequently be submitted to the Department for final review and approval including funding. When approved, copies of the signed task order will be distributed within the Local Agency and to the consultant.

For PoDI projects, the Department will forward the initial and final drafts of the task order to FHWA for review, comment, and approval. Upon FHWA approval, the final task order is executed.

## Section VII – Monitoring the Contract

The Local Agency may designate staff members as key liaisons for specific projects or for technical matters during the administration of the contract period.

The Local Agency will:

1. Maintain the contract files,
2. Arrange and attend periodic progress meetings,
3. Coordinate reviews and approval actions with other agencies when necessary,
4. Review progress payments,
5. Coordinate questions from the consultant,
6. Negotiate any change or amendment to the contract and submit to the Department for review and approval, and
7. Prepare an evaluation of the consultant's performance after completion of the contract. A copy of the evaluation shall be submitted to the Department.

## Section VIII – Consultant Liability

The Local Agency will include a contract requirement that the consultant will warrant that all services and work products provided as part of the contract are performed in accordance to the prevailing industry standards, including standards of conduct and care, format and content, meet the satisfaction of the Local Agency, and conform to the requirements of the Agreement. This warrant is effective regardless of the degree of inspection and acceptance by the Local Agency or others.

If the consultant is required to correct or re-perform any work or services, the work will be performed at no cost to the Local Agency, and any work or services corrected or re-performed by the consultant shall also be warranted that it is free from defects in workmanship in accordance with industry standards. If the consultant fails or refuses to correct or re-perform, the Local Agency may, by contract or otherwise, correct or replace the deficient items or services with similar work or services, and charge the cost to the consultant or make an equitable adjustment in the consultant's reimbursement.

Acceptance is an act of an authorized representative of the Local Agency by which the Local Agency approves specific services, as partial or complete performance of the contract. Correction is the elimination of a defect.

# REQUIRED CONTENTS OF BIDDING PROPOSALS
# FEDERAL-AID PROJECTS

1) **FHWA-1273**

Each set of contract documents shall include FHWA-1273, "Required Contract Provisions, Federal-aid Construction Contracts," and such supplements that may modify the FHWA-1273. Copies of FHWA-1273 and supplements will be provided by the Department.

2) **Anti-Collusion and Debarment Certification**

The certification shall either be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the State to administer oaths or in the form of an unsworn declaration executed under penalty of perjury of the law of the United States. The required form for the Anti-Collusion and Debarment Certification will be provided by the Department. The certification includes:

- Anti-collusion - A statement executed by, or on behalf of the person, firm, association, or corporation submitting the bid certifying that such person, firm, association, or corporation has not, either directly or in-directly, entered into any agreement, participated in any collusion, or otherwise taken any action, in restraint of free competitive bidding in connection with the submitted bid.

- Debarment - A statement regarding debarment, suspension, ineligibility and voluntary exclusion as required by Title 2 of the United States Code of Federal Regulations, Part 180 (2 CFR Part 180).

**Failure to submit the executed Certification as part of the bidding documents will make the bid nonresponsive and not eligible for award consideration.**

3) **Lobbying Certification**

This certification is required by 49 CFR 20. The form for this certification will be provided by the Department.

4) **Davis-Bacon Pre-determined Minimum Wage Rates**

Davis-Bacon requirements apply to all projects greater than $2,000 that are physically located within the existing right-of-way of a functionally classified city street or highway. The Davis-Bacon wage rates will be provided by the Department.

5) **"Buy America" Provisions**

Because federal highway funds are included in this project, "Buy America" requirements, as specified in Title 23 of the United States code Section 313 and Title 23 of the code of Federal Regulations Section 635.410, apply to this project. This requirement applies to all iron and steel products used on the project. A section of the bidding documents should specify these requirements as part of the project and it should at least be noted in the advertisement for bids.

# 2 CFR Part 200

# UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS

## Subpart D - Post Federal Award Requirements
## Record Retention and Access

**§200.334 Retention requirements for records.**

Financial records, supporting documents, statistical records, and all other non-Federal entity records pertinent to a Federal award must be retained for a period of three years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or pass-through entity in the case of a subrecipient. Federal awarding agencies and pass-through entities must not impose any other record retention requirements upon non-Federal entities. The only exceptions are the following:

(a) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.

(b) When the non-Federal entity is notified in writing by the Federal awarding agency, cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period.

(c) Records for real property and equipment acquired with Federal funds must be retained for 3 years after final disposition.

(d) When records are transferred to or maintained by the Federal awarding agency or pass-through entity, the 3-year retention requirement is not applicable to the non-Federal entity.

(e) Records for program income transactions after the period of performance. In some cases recipients must report program income after the period of performance. Where there is such a requirement, the retention period for the records pertaining to the earning of the program income starts from the end of the non-Federal entity's fiscal year in which the program income is earned.

(f) Indirect cost rate proposals and cost allocations plans. This paragraph applies to the following types of documents and their supporting records: Indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).

(1) *If submitted for negotiation.* If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the pass-through entity) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.

(2) *If not submitted for negotiation.* If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the pass-through entity) for negotiation purposes, then the 3-year retention period for the proposal, plan, or computation and its supporting records starts from the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

**§200.335 Requests for transfer of records.**

The Federal awarding agency must request transfer of certain records to its custody from the non-Federal entity when it determines that the records possess long-term retention value. However, in order to avoid duplicate recordkeeping, the Federal awarding agency may make arrangements for the non-Federal entity to retain any records that are continuously needed for joint use.

**§200.336 Methods for collection, transmission, and storage of information.**

The Federal awarding agency and the non-Federal entity should, whenever practicable, collect, transmit, and store Federal award-related information in open and machine-readable formats rather than in closed formats or on paper in accordance with applicable legislative requirements. A machine-readable format is a format in a standard computer language (not English text) that can be read automatically by a web browser or computer system. The Federal awarding agency or pass-through entity must always provide or accept paper versions of Federal award-related information to and from the non-Federal entity upon request. If paper copies are submitted, the Federal awarding agency or pass-through entity must not require more than an original and two copies. When original records are

**2 CFR Part 200**

**UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS**

Subpart D - Post Federal Award Requirements
Record Retention and Access

electronic and cannot be altered, there is no need to create and retain paper copies. When original records are paper, electronic versions may be substituted through the use of duplication or other forms of electronic media provided that they are subject to periodic quality control reviews, provide reasonable safeguards against alteration, and remain readable.

**§200.337 Access to records.**

(a) *Records of non-Federal entities.* The Federal awarding agency, Inspectors General, the Comptroller General of the United States, and the pass-through entity, or any of their authorized representatives, must have the right of access to any documents, papers, or other records of the non-Federal entity which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the non-Federal entity's personnel for the purpose of interview and discussion related to such documents.

(b) *Extraordinary and rare circumstances.* Only under extraordinary and rare circumstances would such access include review of the true name of victims of a crime. Routine monitoring cannot be considered extraordinary and rare circumstances that would necessitate access to this information. When access to the true name of victims of a crime is necessary, appropriate steps to protect this sensitive information must be taken by both the non-Federal entity and the Federal awarding agency. Any such access, other than under a court order or subpoena pursuant to a bona fide confidential investigation, must be approved by the head of the Federal awarding agency or delegate.

(c) *Expiration of right of access.* The rights of access in this section are not limited to the required retention period but last as long as the records are retained. Federal awarding agencies and pass-through entities must not impose any other access requirements upon non-Federal entities.

**§200.338 Restrictions on public access to records.**

No Federal awarding agency may place restrictions on the non-Federal entity that limit public access to the records of the non-Federal entity pertinent to a Federal award, except for protected personally identifiable information (PII) or when the Federal awarding agency can demonstrate that such records will be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) or controlled unclassified information pursuant to Executive Order 13556 if the records had belonged to the Federal awarding agency. The Freedom of Information Act (5 U.S.C. 552) (FOIA) does not apply to those records that remain under a non-Federal entity's control except as required under §200.315. Unless required by Federal, state, local, and tribal statute, non-Federal entities are not required to permit public access to their records. The non-Federal entity's records provided to a Federal agency generally will be subject to FOIA and applicable exemptions.

# Federal Funding Accountability and Transparency Act (FFATA)
## Reporting Requirements

*(For more information go to https://www.fsrs.gov/)*

FFATA was signed on September 26, 2006. The intent is to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov.

A Prime Grant Recipient (Arkansas Department of Transportation (hereinafter called ARDOT)) awarded a new Federal grant greater than or equal to $25,000 as of October 1, 2010 is subject to FFATA sub-award reporting requirements as outlined in the Office of Management and Budget guidance issued August 27, 2010. **ARDOT is required to file a FFATA sub-award report for any sub-grant awarded to a sub-awardee greater than or equal to $25,000.** As a sub-awardee, City of Bentonville shall provide the following information to ARDOT in order to fulfill FFATA reporting requirements:

## 3. COSTS, FEES, AND PAYMENT

3.1. *Allowable costs*.

Consultant's contributions to any pension or other post-retirement benefit, profit-sharing or employee stock ownership plan funds that are paid quarterly or more often may be included in indirect costs for payment purposes; *provided*, that the Consultant pays the contribution to the fund within 30 days after the close of the period covered. Payments made 30 days or more after the close of a period shall not be included until the Consultant actually makes the payment. Accrued costs for such contributions that are paid less often than quarterly shall be excluded from indirect costs for payment purposes until the Consultant actually makes the payment.

3.2.2. The Owner shall reimburse the Consultant for overtime costs only when the overtime has been authorized in writing by the Owner. When authorized, overtime shall be reimbursed at the rate of time and one-half for all nonexempt employees. Notwithstanding this provision, the Consultant must comply with all federal and state wage and hour laws and regulations, regardless whether the overtime is considered reimbursable under this Agreement.

3.2.3. Invoices shall be submitted by mail or email (if emailed submit in pdf or other formats that cannot be altered) to:

City of Bentonville
Attn: Jarrod Brightwell, PE
3200 SW Municipal Drive
Bentonville, AR 72712

3.3. *Indirect Cost Rates*.

3.3.1. Allowable indirect costs incurred by the Consultant shall also be reimbursed by the Owner at the Indirect Cost Rate. The Indirect Cost Rate of the Consultant for this Agreement shall be the rate as set forth in subsection **1.10**. If applicable, the Indirect Cost Rate for subcontractors shall be determined in the same manner and subject to the same limitations as the Consultant, and shall be listed for each subcontractor identified in Appendix **B**. The Indirect Cost Rate, or any adjustment thereto, shall not change any monetary ceiling, contract obligation, or specific cost allowance, or disallowance provided for in this Agreement except as provided for in sections 3.3.4.

and 3.3.5. The Indirect Cost Rate must reflect the allowable indirect costs pursuant to FAR.

3.3.2. In establishing the Indirect Cost Rate or proposing any adjustment thereto, the Consultant shall, upon request, submit to the Owner, ARDOT, FHWA, or their representatives an audited indirect cost rate and supporting cost data in accordance with the requirements set forth in the current *Arkansas Department of Transportation Indirect Cost Rate Audit Requirements.*

3.3.3. During the term of this Agreement, if an audit of a subsequent accounting period of the Consultant demonstrates that the Consultant has incurred allowable indirect costs at a different rate than the Indirect Cost Rate, the Indirect Cost Rate shall be adjusted. Any adjustment is subject to the audit and documentation requirements of the FAR and the current *Arkansas Department of Transportation Indirect Cost Rate Audit Requirements*. Except in the case of a provisional Indirect Cost Rate, as provided in the following subparagraphs, or the disallowance of cost following a subsequent audit, any adjustment to the Indirect Cost Rate shall be effective only prospectively from the date that the adjustment is accepted.

3.3.4. In order to expedite some projects, when an audited indirect cost rate has not yet been submitted and approved, the Owner may extend a temporary waiver and accept a provisional indirect cost rate. This provisional rate must be reviewed by, and receive a positive recommendation from the Arkansas Department of Transportation. The provisional cost proposal must be accompanied by written assurance from an independent CPA that he/she has been engaged to audit the costs in accordance with the above requirements. The anticipated audit must be based on costs incurred in the most recently completed fiscal year for which the cost data is available, with the audit scheduled to begin within a reasonable time frame. If the date of the initial cost proposal is within the last quarter of the current fiscal year, the audit may be delayed until the current fiscal year is closed and the final cost data is available. The written assurance from the CPA that he or she has been engaged to perform the audit at an appropriate time is still required.

3.3.5. Once an audited indirect cost rate is approved, the ceiling prices provided for in the initial agreement using the provisional indirect cost rate will be adjusted with a supplemental agreement to implement the resulting increase or decrease from revising the indirect cost rate, and all amounts paid the consultant prior to receipt and acceptance of an audited indirect cost rate will be retroactively adjusted for changes in the indirect cost rate. However, no changes in hours, fixed fees, or other costs will be allowed as a result of applying the audited indirect cost rate.

3.4. *Fees*. The justification for the fees and cost is contained in Appendix A-1. In addition to reimbursement of the allowable costs as set forth above, the Owner shall pay to the Consultant a fee of **$61,901**. For Title II Services the Owner shall reimburse the Consultant for allowable direct costs and also pay to the Consultant an amount determined by multiplying the salary rate of the individual(s) performing the Title II Services, as shown on the Schedule of Salary Ranges, by the Title II Multiplier. The Title II Multiplier shall account for all fees and indirect costs associated with Title II services.

3.5. *Invoices, Reimbursement, and Partial Payments*. Submission of invoices and payment of the fees shall be made as follows, unless modified by the written agreement of both parties:

3.5.1. Not more often than once per month, the Consultant shall submit to the Owner, in such form and detail as the Owner may require, an invoice or voucher supported by a statement of the claimed allowable costs for performing this Agreement, and

estimates of the amount and value of the work accomplished under this Agreement. The invoices for costs and estimates for fees shall be supported by any data requested by the Owner.

3.5.2. In making estimates for fee purposes, such estimates shall include only the amount and value of the work accomplished and performed by the Consultant under this Agreement which meets the standards of quality established under this Agreement. The Consultant shall submit with the estimates any supporting data required by the Owner. At a minimum, the supporting data shall include a progress report in the form and number required by the Owner.

3.5.3. Upon approval of the estimate by the Owner, payment upon properly executed vouchers shall be made to the Consultant, as soon as practicable, of 100 percent of the allowed costs, and of 90 percent of the approved amount of the estimated fee, less all previous payments. Notwithstanding any other provision of this Agreement, only costs and fees determined to be allowable by the Owner in accordance with subpart 31.2 of the Federal Acquisition Regulations (FAR) in effect on the date of this Agreement and under the terms of this Agreement shall be reimbursed or paid.

3.5.4. Before final payment under the Agreement, and as a condition precedent thereto, the Consultant shall execute and deliver to the Owner a release of all claims which are known or reasonably could have been known to exist against the Owner arising under or by virtue of this Agreement, other than any claims that are specifically excepted by the Consultant from the operation of the release in amounts stated in the release.

3.6. *Title I Services, Title II Services Ceiling Price and Contract Ceiling Price*. The parties agree that aggregate payments under this Agreement, including all costs and fees, shall not exceed the Contract Ceiling Price. The parties further agree that aggregate payments for Title I and Title II services under this Agreement, including all costs and fees, shall not exceed the Title I and Title II Services Ceiling Price, respectively. No adjustment of the Indirect Cost Rate, other adjustment, claim, or dispute shall affect the limits imposed by these ceiling prices. No payment of costs or fees shall be made above these ceiling prices unless the Agreement is modified in writing.

3.7. *Final payment*.

3.7.1. The Consultant shall submit a completion invoice or voucher, designated as such, promptly upon completion of the work, but no later than forty-five (45) days (or longer, as the Owner may approve in writing) after the completion date. Upon approval of the completion invoice or voucher, and upon the Consultant's compliance with all terms of this Agreement, the Owner shall promptly pay any balance of allowable costs and any retainage owed to the Consultant. After the release of said retainage Consultant agrees that it will continue to provide consultation services to the Owner as needed through supplemental agreement(s) with respect to the contracted services under this Agreement until all work is completed under both Title I and Title II.

3.7.2. The Consultant shall pay to the Owner any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by the Consultant or any assignee under this Agreement, to the extent that those amounts are properly allocable to costs for which the Consultant has been reimbursed by the Owner. Reasonable expenses incurred by the Consultant for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by the Owner. Before final payment under this Agreement, the Consultant and each assignee whose assignment is in effect at the time of final payment shall execute and deliver—

- An assignment to the Owner, in form and substance satisfactory to the Owner, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which the Consultant has been reimbursed by the Owner under this Agreement; and,

- A release discharging the Owner, its officers, agents, and employees from all liabilities, obligations, and claims which were known or could reasonably have been known to exist arising out of or under this Agreement.

3.8. *Owner's Right to Withhold Payment*. The Owner may withhold payment to such extent as it deems necessary as a result of: (1) third party claims arising out of the services of the Consultant and made against the Owner; (2) evidence of fraud, over-billing, or overpayment; (3) inclusion of non-allowable costs; (4) failure to make prompt payments to subcontractors in the time provided by this Agreement; (5) payment requests received including fees for unapproved subcontractors; and/or (6) the Consultant's default or unsatisfactory performance of services. The withholding of payment under this provision shall in no way relieve the Consultant of its obligation to continue to perform its services under this Agreement.

## 4. DISALLOWANCE OF COSTS

4.1. Notwithstanding any other clause of this Agreement, the Owner may at any time issue to the Consultant a written notice of intent to disallow specified costs incurred or planned for incurrence under this Agreement that have been determined not to be allowable under the contract terms.

4.2. Failure to issue a notice under this Section shall not affect the Owner's rights to take exception to incurred costs.

4.3. If a subsequent audit reveals that: (1) items not properly reimbursable have, in fact, been reimbursed as direct costs; or (2) that the Indirect Cost Rate contains items not properly reimbursable under the FAR; then, in the case of indirect costs, the Indirect Cost Rate shall be amended retroactively to reflect the actual allowable indirect costs incurred, and, in the case of both direct and indirect costs, the Owner may offset, or the Consultant shall repay to Owner, any overpayment.

## 5. RECORDS & AUDITS

5.1. *Records* includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

5.2. *Examination.* The Consultant shall maintain, and the Owner, ARDOT, FHWA, and their authorized representatives shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs (direct and indirect) claimed to have been incurred or anticipated to be incurred in performance of this Agreement. This right of examination shall also include examination and audit of any records considered, relied upon, or relating to the determination of the Indirect Cost Rate or any certification thereof, including any CPA audit relied upon to establish the rate. This right of examination shall also include inspection at all reasonable times of the Consultant's offices and facilities, or parts of them, engaged in performing the Agreement.

5.3. *Supporting Data.* If the Consultant has been required to submit data in connection with any action relating to this Agreement, including the negotiation of or pre-negotiation audit

of the Indirect Cost Rate, the negotiation of the Fee, request for cost reimbursement, request for payment, request for an adjustment, or assertion of a claim, the Owner, ARDOT, FHWA, or their authorized representatives, in order to evaluate the accuracy, completeness, and accuracy of the data, shall have the right to examine and audit all of the Consultant's records, including computations and projections, related to—

- The determination or certification of the Indirect Cost Rate, including any independent CPA audit or certification thereof;
- Any proposal for the Agreement, subcontract, or modification;
- Discussions conducted on the proposal(s), including those related to negotiating;
- Fees or allowable costs under the Agreement, subcontract, or modification;
- Performance of the Agreement, subcontract or modification; or,
- The amount and basis of any claim or dispute.

5.4. *Audit*. The Owner, ARDOT, FHWA, or their authorized representatives, shall have access to and the right to examine any of the Consultant's records involving transactions related to this Agreement or a subcontract hereunder.

5.5. *Reports.* If the Consultant is required to furnish cost, funding, or performance reports, the Owner, ARDOT, FHWA, or their authorized representatives shall have the right to examine and audit the supporting records and materials, for the purpose of evaluating (1) the effectiveness of the Consultant's policies and procedures to produce data compatible with the objectives of these reports and (2) the data reported.

5.6. *Availability.* The Consultant shall retain and make available at its office at all reasonable times the records, materials, and other evidence described in this Section and Section 29, Disputes and Claims, for examination, audit, or reproduction, until five years after final payment under this Agreement, or for any longer period required by statute or by other clauses of this Agreement. In addition—

5.6.1. If this Agreement is completely or partially terminated, the records relating to the work terminated shall be retained and made available for five years after the termination; and,

5.6.2. Records relating to any claim or dispute, or to litigation or the settlement of claims arising under or relating to this Agreement shall be retained and made available until after any such claims or litigation, including appeals, are finally resolved.

5.7. The Consultant shall insert a clause containing all the terms of this Section in all subcontracts under this Agreement.

All subcontractors shall be subject to all contractual and legal restrictions concerning payment and determination of allowable costs, and subject to all disclosure and audit provisions contained herein and in any applicable federal or state law.

14.2. Unless the consent or approval specifically provides otherwise, neither consent by the Owner to any subcontract nor approval of the Consultant's purchasing system shall constitute a determination (1) of the acceptability of any subcontract terms or conditions, (2) of the acceptability of any subcontract price or of any amount paid under any subcontract, or (3) to relieve the Consultant of any responsibility, obligation, or duty under this Agreement.

14.3. No subcontract placed under this Agreement shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement subcontracts shall not exceed the fee limitations of the FAR.

The Consultant and its subcontractors agree that it will have no interest, direct or indirect, that would conflict in any manner or degree with the performance of its obligations under this Agreement. Furthermore, the Consultant and its subcontractors shall not enter into any other contract during the term of this Agreement that would create or involve a conflict of interest with the services provided herein or other contracts that may be adverse to the Owner, State, City or County as it relates to this Agreement.

15.3. Notwithstanding any review, approval, acceptance, or payment by the Owner, the Consultant shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Consultant under this Agreement. The Consultant shall, without additional compensation above the Contract Price, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services.

16.3. If the Consultant is required to correct or re-perform, it shall be at no additional cost to the Owner above the Contract Price, and any services corrected or re-performed by the Consultant shall be subject to this Section to the same extent as work initially performed. If the Consultant fails or refuses to correct or re-perform, the Owner may, by contract or otherwise, correct or replace with similar services and charge to the Consultant the cost occasioned to the Owner thereby, or make an equitable adjustment in the Contract Price.

16.4. If the Owner does not require correction or re-performance, the Owner shall make an equitable adjustment in the Contract Price.

## 17. TERM, COMMENCEMENT, AND COMPLETION

17.1. This Agreement shall commence on the effective date set forth above and remain in effect until the completion of the Consultant's Scope of Services, as defined herein, to be completed by **September 30, 2025,** unless extended or terminated by the Owner in accordance with this Agreement.

18.4. If the termination is for the convenience of the Owner, the Owner shall make an equitable adjustment in the Contract Price, subject to the Ceiling Prices and Funding Limitations provisions, *but shall allow no anticipated fee or profit on unperformed services.* The Owner, upon its own determination, shall pay the Consultant in addition to payment for services rendered and reimbursable costs incurred, for all expenses the Owner determines to have been reasonably incurred by the Consultant in connection with the orderly termination of this Agreement including but not limited to demobilization, reassignment of personnel, associated indirect costs and all other expenses directly resulting from termination.

18.5. If the termination is for the Consultant's Default, the Owner may complete the work by contract or otherwise and the Consultant shall be liable for any reasonable and necessary additional cost incurred by the Owner to the extent caused by Consultant's default.

18.6. Disputes and claims arising from termination of this Agreement shall be governed by Section 29, Disputes and Claims.

18.7. The rights and remedies of the Owner provided in this Section are in addition to any other rights and remedies provided by law or under this Agreement, and shall not constitute a waiver of any other such right or remedy.

## 19. STOP WORK ORDERS

19.1. The Owner may, at any time, by written order to the Consultant, require the Consultant to stop all, or any part, of the work called for by this Agreement for a period of up to 90 days after the order is delivered to the Consultant, and for any further period to which the parties may agree. Upon receipt of the order, the Consultant shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop work order is delivered to the Consultant, or within any extension of that period to which the parties shall have agreed, the Owner shall either—

19.1.1. Cancel the stop work order; or

19.1.2. Terminate the work pursuant to Section 18, Termination.

19.2. If a stop work order issued under this Section is canceled or the period of the order or any extension thereof expires, the Consultant shall resume work. The Owner shall make an equitable adjustment in the delivery schedule or Contract Price, or both, and the Agreement shall be modified in writing accordingly, if—

- The stop work order was not issued because of Consultant's Default in its performance of its obligations under any part of this Agreement; and,

- The stop work order results in an increase in the time required for, or in the Consultant's cost properly allocable to, the performance of any part of this Agreement; and,

- The Consultant provides Notice of Potential Claim pursuant to Section 29, Disputes and Claims.

## 20. CHANGES

20.1. The Owner may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this Agreement, including but not limited to: (1) drawings, designs, or specifications; (2) time of performance (i.e., hours of the day, days of the week, etc.); and (3) places of inspection, delivery, or acceptance.

20.2. If any such change causes an increase *or decrease* in the cost of, or the time required for, performance of any part of the work under this Agreement, whether or not changed by the order, the Owner shall make an equitable adjustment in the (1) estimated cost, delivery or completion schedule, or both; (2) amount of any fee; and (3) other affected terms.

20.3. All claims and disputes shall be governed by the Section 29, Disputes and Claims. As provided in Section 28, the Consultant must provide written notice of its intention to make a claim for additional compensation before beginning the work on which the claim is based. If such notice is not given, the Consultant hereby agrees to waive any claim for such additional compensation.

20.4. Failure to agree to any adjustment shall be a dispute under Section 29, Disputes and Claims. *However, nothing in this Section or any other provision of this Agreement shall excuse the Consultant from proceeding with the Agreement as changed.*

## 21. OWNERSHIP OF DOCUMENTS & DATA

21.1. Except for any pre-existing intellectual property, all project documents and data, regardless of form and including but not limited to original drawings, disks of CADD drawings, cross-sections, estimates, files, field notes, and data, shall be the property of the Owner. The Consultant shall further provide all documents and data to the Owner upon the Owner's request. The Consultant may retain reproduced copies of drawings and other documents. ## 22. PATENT AND COPYRIGHT INFRINGEMENT

22.1. The Consultant shall report to the Owner, promptly and in reasonable written detail, each notice or claim of patent or copyright infringement based on the performance of this Agreement of which the Consultant has knowledge.

22.2. In the event of any claim or suit against the Owner on account of any alleged patent or copyright infringement arising out of the performance of this Agreement or out of the use of any supplies furnished or work or services performed under this Agreement, the Consultant shall furnish to the Owner, when requested by the Owner, all evidence and information in possession of the Consultant pertaining to such suit or claim. Such evidence and information shall be furnished at the expense of the Consultant.

22.3. The Consultant agrees to include, and require inclusion of, the provisions of this Section in all subcontracts at any tier for supplies or services.

22.4. The Consultant shall indemnify the Owner and its officers, agents, and employees against liability, including costs and attorneys' fees, for infringement of any United States patent or copyright arising from the manufacture or delivery of supplies, the performance of services, or the construction, alteration, modification, or repair of real property under this Agreement, or out of the use or disposal by or for the account of the Owner of such supplies or construction work.

22.5. This indemnity shall not apply unless the Consultant shall have been informed within ten (10) business days following the Owner's receipt of legal notice of any suit alleging such infringement and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in its defense. Further, this indemnity shall not apply to (1) an infringement resulting from compliance with specific written instructions of the Owner directing a change in the supplies to be delivered or in the materials or equipment to be used, or directing a manner of performance of the Agreement not normally used by the Consultant, (2) an infringement resulting from addition to or change in supplies or components furnished or construction work performed that was made subsequent to delivery or performance, or (3) a claimed infringement that is unreasonably

Nothing herein shall be construed as a waiver of any immunity or as creating any personal liability on the part of any officer or agent of the Owner or any other governmental entity either made a party to, or having any interest in, this Agreement.

## 27. INDEMNITY AND RESPONSIBILITY FOR CLAIMS AND LIABILITY

27.1. *Indemnity*. | Counts will be taken for the intersection approaches, historic data from ArDOT will be used to determine a growth rate which will be used to project volumes 20 years to create future volumes. The proposed improvements (roundabout and signal) will be evaluated to ensure that the type of intersection is appropriate. Depending on the intersection type selected, the study may include an evaluation of the number of approach lanes and length of turn bays. A final traffic report in memo form will be developed containing the results and conclusions of the traffic study and all necessary support documentation. |

**GEOTECHNICAL SERVICES**
(LOCAL VERSION)

## 1. SUBCONSULTANT AGREEMENT

**1.1.** The services to be performed under this Subconsultant Agreement will be performed in connection with the Agreement for Engineering Services ("Prime Agreement") between the Consultant and the City of Bentonville ("Owner"), dated _____. Garver, LLC ("Consultant") and Terracon Consultants, Inc. ("Subconsultant") hereby agree that the Subconsultant shall perform the professional and related services as described herein. In consideration for the performance of the professional services the Consultant agrees to compensate (and reimburse, if applicable) the Subconsultant in the manner and at the rate(s) provided herein.

**1.2.** The definitions of the Prime Agreement, and its provisions relating to the obligations, duties, and rights of subcontractors, *or which are otherwise required to be inserted into any subcontracting agreements*, are deemed to be part of, and are hereby incorporated by reference into, this Subconsultant Agreement and made binding upon the Subconsultant.

**1.3.** "Title I Services" are those services provided by the Subconsultant before the award of the contract for construction of the Projects, consisting primarily of services for the planning or design of the Project.

**1.4.** "Title I Services Ceiling Price" The Title I Services Ceiling Price for this Subconsultant is **$15,650**. The Title I Services Ceiling Prices is the maximum aggregate amount of all payments that the Consultant may become obligated to make to the Subconsultant.

**1.5.** "Title II Services" are those services provided by the Subconsultant after the award of the contract for the construction of the Project consisting primarily of geotechnical services during the construction of the Project.

**1.6.** "Title II Services Ceiling Price" The Title II Services Ceiling Price for this Agreement is **$0**. The Title II Services Ceiling Price is the maximum aggregate amount of all payments that the Consultant may become obligated to make to the Subconsultant for fees and costs related to Title II Services. In no event, unless modified in writing, shall total payments by the Consultant related to Title II Services exceed the Title II Services Ceiling Price. The Subconsultant shall not be entitled to receive adjustment, reimbursement, or payment for, nor shall the Consultant, Owner, or their officers, agents, employees, or representatives, incur any liability for, any fee or cost related to, Title II Services exceeding the Title II Services Ceiling Price.

**1.7.** "Owner" means collectively, the Arkansas State Highway Commission and the Arkansas Department of Transportation ("Department" or "ARDOT") regardless of how referenced.

**1.8.** "DOT" means the United States Department of Transportation.

**1.9.** "FAR" means the Federal Acquisition Regulations, codified in 48 Code of Federal Regulations (CFR).

**1.10.**"FHWA" means the Federal Highway Administration.

## 2. DESCRIPTION OF PROJECT AND SERVICES TO BE PROVIDED

**2.1.** The City of Bentonville has programmed a project for the improvement of the intersection of State Highways 12 and 279. The project will typically include a determination of the preferred intersection type, geometric improvements to all intersection approaches that takes into account projected traffic volumes, and pedestrian improvements consistent with the City Bike/Pedestrian Plan.

**2.2. Title I Services to be Provided by Subconsultant.** Terracon Consultants, Inc. will perform the following tasks to prepare the geotechnical investigation for the project:

2.2.1. Subconsultant will visit the project alignment to observe site conditions. Published information on site geology and available information from prior geotechnical studies in the area will be reviewed.

2.2.2. If necessary, Subconsultant will contact landowners to secure right of access in the project alignment prior to accessing boring locations. Underground utility locations will be determined prior to beginning drilling.

2.2.3. Access to boring locations will be provided by Subconsultant as dictated by site conditions and permitted by property owners. Applicable permits will be obtained and traffic control will be provided by Subconsultant. Truck-mounted drilling equipment will be utilized.

2.2.4. Sample borings will be advanced using dry-auger and rotary-wash drilling techniques. Undisturbed soil samples or Standard Penetration Values will typically be obtained in borings at 2-ft to 5-ft intervals. Groundwater measurements will be obtained during and at the completion of drilling operations. Boreholes will be backfilled after obtaining final groundwater measurements. Boreholes in existing pavement areas will be patched with asphalt concrete cold patch or a concrete mix.

2.2.5. The subsurface exploration program will consist of four (4) sample borings drilled to approximately 10-ft depth or auger refusal along the roadway alignment.

2.2.6. An adequate laboratory testing program will be planned and performed after the borings are completed. The purpose of the laboratory testing program will be to evaluate pertinent physical properties and engineering characteristics of the subgrade soils. These data will be used in developing geotechnical recommendations for subgrade support design parameters, subgrade preparation, and site grading. The testing program is expected to consist of classification tests, strength tests, measurements of compressibility, swell potential, and subgrade support properties.

2.2.7. An engineering report will be developed which will include the results of the field and laboratory studies, information on site conditions and geology, and recommendations for subgrade preparation, site grading, pavement subgrade support parameters, and pavement section.

**2.3. Title II Services to be Provided by Subconsultant**. Title II Services are excluded from the scope of services.

## 3. COSTS, FEES, PAYMENTS, AND RATE SCHEDULES

### 3.1. Lump-Sum Contract (Title I Services)

The Subconsultant is being hired to perform professional geotechnical services in connection with the Project as set forth herein. In consideration for the Title I geotechnical services performed, the Consultant shall pay to the subconsultant the Fee as provided herein. The Fee includes compensation for any cost to be incurred by the subconsultant, and the subconsultant shall not be reimbursed for costs incurred outside of the agreed-upon Fee. The subconsultant shall bear the costs, and resulting risks, of performing this Agreement. The subconsultant may only be paid for work actually performed.

**3.2.** Under no circumstances shall the Department be liable for any amounts, including all costs, which exceed the Contract Ceiling Price.

## 4. COMPENSATION SUBJECT TO LIMITATIONS OF FEDERAL AND STATE LAW

Therefore, notwithstanding any provision of this Subconsultant Agreement or the Prime Agreement, all payments, costs, and expenditures are subject to the requirements and limitations of 48 CFR Part 31, including those relating to determination of indirect cost rates, if applicable. The Subconsultant shall certify the accuracy of all invoices, requests for payment, and cost rates (if applicable), along with supporting documentation and any supporting information or records provided prior to, during, or after the term of this Subconsultant Agreement.

## 5. COMMISSION, ARDOT, AND FHWA AS THIRD PARTY BENEFICIARIES

**5.1.** This Subconsultant Agreement is between and binding upon only the Consultant and Subconsultant. The Commission, ARDOT, and FHWA are not parties to this Subconsultant Agreement, but are expressly made third-party beneficiaries of this Subconsultant Agreement and shall be entitled to enforce any obligation of the Subconsultant owed to the Consultant. No provision of this Subconsultant Agreement or the Prime Agreement, nor the exercise of any right thereunder, shall be construed as creating any obligation or any liability on the part of, or operating as a waiver of any immunity of, the Commission, the ARDOT, the FHWA, or any of their employees, officers, or agents.

**5.2.** The Subconsultant's sole recourse, if any, for any injury arising under or related to this Subconsultant Agreement, the performance of services hereunder, or compensation or claims hereunder, shall be against the Consultant.

**5.3.** The Disputes and Claims provisions of the Prime Agreement shall not apply to this Subconsultant Agreement. However, the Subconsultant shall provide the Consultant all necessary information and assistance to enable Consultant to comply with the Disputes and Claims provisions.

## 6. RECORDS & AUDITS

**6.2.** Examination. The Subconsultant shall maintain, and the Owner, FHWA, and their authorized representatives shall have the right to examine and audit all records and other evidence sufficient to reflect properly all costs (direct and indirect) claimed to have been

incurred or anticipated to be incurred in performance of this Agreement. This right of examination shall also include examination and audit of any records considered, relied upon, or relating to the determination of the Indirect Cost Rate or any certification thereof, including any CPA audit relied upon to establish the rate. This right of examination shall also include inspection at all reasonable times of the Subconsultant's offices and facilities, or parts of them, engaged in performing the Agreement.

**6.3.** Supporting Data. If the Subconsultant has been required to submit data in connection with any action relating to this Agreement, including the negotiation of or pre-negotiation audit of the Indirect Cost Rate, the negotiation of the Fee, request for cost reimbursement, request for payment, request for an adjustment, or assertion of a claim, the Owner, FHWA, or their authorized representatives, in order to evaluate the accuracy, completeness, and accuracy of the data, shall have the right to examine and audit all of the Subconsultant's records, including computations and projections, related to—

- The determination or certification of the Indirect Cost Rate, including any independent CPA audit or certification thereof;
- Any proposal for the Agreement, subcontract, or modification;
- Discussions conducted on the proposal(s), including those related to negotiating;
- Fees or allowable costs under the Agreement, subcontract, or modification;
- Performance of the Agreement, subcontract or modification; or,
- The amount and basis of any claim or dispute.

Regulations, Part 21 and 23 Code of Federal Regulations, as amended, and hereinafter referred to as the Regulations). These regulations are herein incorporated by reference and made a part of this Subconsultant Agreement. Title VI provides that the recipients of Federal financial assistance will maintain and implement a policy of nondiscrimination in which no person shall, on the basis of race, color, or national origin be excluded from participation in, denied the benefits of, or subject to discrimination under any program or activity by recipients of Federal financial assistance or their assignees and successors in interest.

**12.2.** Nondiscrimination. The Subconsultant, with regard to the work performed by it during the term of this Subconsultant Agreement, shall not discriminate on the basis of race, color, or national origin in the selection and retention of subcontractors, including procurement of material and leases of equipment. **12.3.** Solicitations for Subcontracts, Including Procurements of Material & Equipment. In all solicitations, either by competitive bidding or negotiation, made by the Subconsultant for work to be performed under a subcontract, including procurement of materials and leases of equipment, each potential subcontractor or supplier shall be notified by the Subconsultant of the Subconsultant's obligations under this Subconsultant Agreement and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.

**13.2.** The Subconsultant shall insert a clause containing all the terms of this section in all subcontracts under this Agreement.

If Buyer defaults under this Contract and fails to cure the default within 10 days after receipt of written notice from Seller, then, upon demand of Seller, the earnest money shall be forfeited as liquidated damages, and not as a penalty; and this Contract shall become null and void. If this Contract is terminated for any reason other than Buyer's default, the earnest money shall be returned to Buyer.

4. SURVEY & TITLE COMMITMENT; PERMITTED EXCEPTIONS:

Buyer shall obtain, at Buyer's sole expense, a preliminary title insurance commitment for the Property showing fee simple title in Seller, issued by the Escrow Agent in its capacity as a licensed agent for a nationally recognized title insurer acceptable to Buyer (the "**Title Commitment**"). Seller agrees that it shall use a diligent, good faith effort to correct any objection(s), provided, however, Seller shall not be required to spend an amount it deems unreasonable to correct any such objections. If Seller is unsuccessful in removing such objection(s) within said time, Buyer shall have the option of (i) extending such time period, (ii) accepting the title as it then is, or (iii) rescinding this Contract and thereupon Buyer and Seller shall be released, as to one another, of all further obligations and all damages arising under this Contract.

Seller will deliver to Buyer a copy of any survey of the Property in Seller's possession. Buyer shall have the right to obtain a new or recertified survey of the Property (the "Survey") at Buyer's cost. Subject to approval of the Survey by the Buyer, the legal description of the Property contained in the Survey will be the description of the Property used in the Deed.

5. BUYER'S REQUIREMENTS: Buyer shall undertake to remove the conditions to closing contained in this Contract in a timely manner. Seller agrees to cooperate fully with Buyer with respect to Buyer's efforts to obtain all relevant information pertaining to the Property and the permitted uses of it. In the event such conditions cannot reasonably be removed the Buyer may terminate this Contract. In the event Buyer does not notify Seller in the manner set forth in paragraph 10(a) of the failure of a condition or Buyer's decision to terminate within (10) days of the Council Approval Date (the "**Buyer's Inspection Period**" or the "**Inspection Period**"), all of Buyer's conditions shall be deemed satisfied.

SELLER DOCUMENTS: Seller agrees to deliver to Buyer within ten (10) days of the Effective Date copies of the following: all title insurance policies and surveys; all plats, covenants, deeds, easements, development plans, construction plans, if any; s; and environmental reports relating to the Property (collectively, the "**Seller Documents**"). Buyer shall return all Seller Documents if the Closing does not occur and shall keep the Seller Documents confidential to the best of its ability.

7. SELLER'S REPRESENTATION AND WARRANTIES: Seller represents and warrants as to following matters:

a) there is no action, suit, or proceeding pending, or to Seller's actual knowledge and belief, threatened or contemplated against or affecting, either directly or indirectly, the Property; and

b) the Property is not located within any wetlands area as determined under the Clean Water Act and applicable FEMA maps and there is no application currently pending regarding the same.

8. RISK OF LOSS: All risk of loss to the Property shall remain with the Seller prior to Closing. If any improvements on the Property are damaged prior to Closing and Seller is either unable or unwilling to restore the Property to the condition it was as of the Effective Date, at Buyer's sole option, Buyer may (i) elect to terminate this Contract or (ii) elect to take the Property as it then is, together with any insurance proceeds payable by virtue of such loss or damage. If Buyer elects to terminate this Contract, Buyer and Seller shall be released, as to one another, of all obligations and liabilities under this Contract.

9. REPAIR AND MAINTENANCE: Between the Effective Date and the date of Closing, Seller shall maintain the Property in substantially the same condition the Property was in on the Effective Date.
