Address/Intersection of Concern: Water tower rd / Battlefield Blvd, NE Marina / Little Flock Dr.

Description of the Proposed Traffic Calming Request: Deer crossing signs

**\*Must include a statement and/or drawing describing the proposed traffic calming measures.**

There is a large family of deer who live in this area. As they grow in number the incidents / close encounters with vehicles has increased greatly. They are often in and around Battlefield Blvd between Water tower Rd and NE Marina Dr between 3pm and 11pm. We need a sign at both ends of this stretch of road.

Local residents are extremely happy that Sears Road is on its way to being paved! Two very serious concerns, however, remain as to the speed limit and the type of vehicles allowed on this road.

Currently, as many as three hundred twelve and fourteen wheel trucks utilize Sears Road per week. These trucks not only drive between 40 & 50 miles per hour in our residential area, but many of them are using this side road to avoid DOT regulations as some are unlicensed and overweight.

**We are urging the Bentonville Street Department to post 30-mile speed limit, as well as, No Thru Truck signage on Sears Road from Morning Star Road to Mill Dam Road.** We realize to complete our requests there will need to be a collaboration between the city and county, but we have confidence in the Bentonville Administration to achieve this goal.

Address/Intersection of Concern: Sears Rd. from Morning Star Rd. to Mill Dam Rd.

Description of the Proposed Traffic Calming Request:

**\*Must include a statement and/or drawing describing the proposed traffic calming measures.**

Local residents are extremely happy that Sears Road is on its way to being paved!  
Two very serious concerns, however, remain as to the speed limit and the type of vehicles allowed on this road.

Currently, as many as three hundred twelve and fourteen wheel trucks utilize Sears Road per week. These trucks not only drive between 40 & 50 miles per hour in our residential area, but many of them are using this side road to avoid DOT regulations as some are unlicensed and overweight.

**We are urging the Bentonville Street Department to post 30-mile speed limit, as well as, No Thru Truck signage on Sears Road from Morning Star Road to Mill Dam Road.** We realize to complete our requests there will need to be a collaboration between the city and county, but we have confidence in the Bentonville Administration to achieve this goal.

**Signature below is in favor of the Request as stated on this form.**

## Neighbor Petition Notification Form

A common concern of neighborhood residents is the parking, volume, and speed of traffic on local residential streets. Traffic calming techniques are designed to help address these concerns.

Address/Intersection of Concern: Sears Rd. from Morning Star Rd. to Mill Dam Rd.

Description of the Proposed Traffic Calming Request:

**\*Must include a statement and/or drawing describing the proposed traffic calming measures.**

Local residents are extremely happy that Sears Road is on its way to being paved!  
Two very serious concerns, however, remain as to the speed limit and the type of vehicles allowed on this road.

Currently, as many as three hundred twelve and fourteen wheel trucks utilize Sears Road per week. These trucks not only drive between 40 & 50 miles per hour in our residential area, but many of them are using this side road to avoid DOT regulations as some are unlicensed and overweight.

**We are urging the Bentonville Street Department to post 30-mile speed limit, as well as, No Thru Truck signage on Sears Road from Morning Star Road to Mill Dam Road.** We realize to complete our requests there will need to be a collaboration between the city and county, but we have confidence in the Bentonville Administration to achieve this goal.
