

**Traffic Safety and Signage Committee
Meeting Agenda
April 1, 2024
2:00 PM
Bentonville City Hall**

I. Old Business

II. New Business

1. **Crosswalk Request - Informational**
Crosswinds/Cornerstone Road
Chris Brown, oupharmboy@gmail.com
Crosswalk Request - Cornerstone & Crosswinds Roads is a Bus Stop Intersection and is not safe. Would like raised crosswalk to calm traffic and make safer for children.
2. **Road Connectivity Request - Osage Hills Neighborhood Informational**
Ramesh Bonakurthi,
ramesh.bonakurthi@gmail.com
Road Connectivity Request - Osage Hills Subdivision request connection to SW Regional Airport from SW Anglin Road.
3. **Event Request - Big Sugar Classic & Little Sugar MTB Ordinance***
Jamie Cathey,
Jamie@visitbentonville.com
Event Request - Little Sugar MTB, October 12-13, 2024 and Big Sugar Gravel, October 17-19, 2024. Presentation attached.
4. **Event Request - Ride to Defeat ALS Informational**
Jamie Cathey
Event Request: Ride to Defeat ALS to be held June 22, 2024. The routes and start times are below. The request is only for police presence to get the riders safely out of town, at 3 key intersections for approximately 2-3 minutes each. Please let me know if you need any additional information.

Ride Option 1: 100k (62.1Mi): Check-in: 6:30am | Ride Start: 7:30am
Ride Option 2: 60K (36.8Mi): Check-in: 9:00am | Ride Start: 9:30am
Ride Option 3: 37K (23Mi): Check-in: 10:00am | Ride Start: 10:30am
5. **Crosswalk Request - C Street @ Phillips Park Informational**
Andrew Disper,
andrew.disper@gmail.com

Crosswalk Request: Update/Improve the SE C Street crosswalk to Phillips Park. Pictures provided.

6. **Speed Limit Change - Central Ave** **Informational**
Judy Spencer, jespencer4@att.com

Speed Limit Change Request on Central Ave. between I-49 and Moberly Lane to 35MPH.

7. **Sign Request - No Dumping** **Informational**
Cynthia Dupps,
duppscabin@hotmail.com

Sign Request: No dumping/littering sign on South Morningstar Road near Sears Road.

8. **Corsswalk/Four-Way Stop Request** **Informational**
Deborah Elsenhout,
elsend04@gmail.com

Crosswalk/Four-Way Stop Request at NW A & NW 7th Street. It is a connection to the schools on Bella Vista Road, Thomas Jefferson & Sugar Creek.

III. Miscellaneous

1. **Presentation: Bike/Ped FD Emergency Data**
Joel Feemster

Quarterly/Bi-Annual Report on Bike/Ped FD Emergency Response Data

IV. Next Proposed Meeting:

To: City Council
From:
Thru:
Date: April 1, 2024

Subject: Crosswalk Request - Crosswinds/Cornerstone Road

Chris Brown, oupharmboy@gmail.com

Crosswalk Request - Cornerstone & Crosswinds Roads is a Bus Stop Intersection and is not safe. Would like raised crosswalk to calm traffic and make safer for children.

Recommendation for Action:

Background:

Budget Impact:

Attachments:

1. Traffic calming request - Cornerstone Ridge

Traffic, Signage and Safety Agenda Request Form

Committee Meetings: First Monday of Each Month

City Contact: Tracy Billings
tbillings@bentonvillear.com
(479)696-0229

Name: Chris Brown
Address: 3903 SW Ridgeway

Email: oupharm boy@gmail.com
Phone Number: 918-541-7955

☐ **Temporary Street Closure Request:** Reason or Name of Event, Dates & Times of Closure and Map of the Detour/Closure required.

*Prior to submitting application contact:

Glynn Bertrand (479)418-8610 or Tony Marveggio (479)271-3180

Requires 90 days notice prior to the event date

☒ **Traffic Calming Request:** Signals, Signage, Trails and Crosswalks
May require Neighborhood Notification Petition

May require traffic study and/or neighbor notifications

Cornerstone Road is very long & traffic makes it unsafe for crossing at crosswalks. This is a bus stop for school kids. There is limited light early & late & with the long road cars speed & I am afraid for children safety. please put in a raised crosswalk to calm traffic & make it safer for children.

Raised Crosswalk

SAFE TRANSPORTATION FOR EVERY PEDESTRIAN

COUNTERMEASURE TECH SHEET

 Local and collector roads with high speeds pose a significant challenge for pedestrians crossing the roadway.

 A raised crosswalk can reduce vehicle speeds and enhance the pedestrian crossing environment.

Raised crosswalks can reduce pedestrian crashes by

45%

FEATURES:

- Elevated crossing makes the pedestrian more prominent in the driver's field of vision, and allows pedestrians to cross at grade with the sidewalk
- Approach ramps may reduce vehicle speeds and improve motorist yielding

OFTEN USED WITH:

- Crosswalk visibility enhancements

Raised crosswalks are ramped speed tables spanning the entire width of the roadway, often placed at midblock crossing locations. The crosswalk is demarcated with paint and/or special paving materials. These crosswalks act as traffic-calming measures that allow the pedestrian to cross at grade with the sidewalk.

In addition to their use on local and collector streets, raised crosswalks can be installed in campus settings, shopping centers, and pick-up/drop-off zones (e.g., airports, schools, transit centers).

Raised crosswalks are flush with the height of the sidewalk. The crosswalk table is typically at least 10 feet wide and designed to allow the front and rear wheels of a passenger vehicle to be on top of the table at the same time. Detectable warnings (truncated domes) and curb ramps are installed at the street edge for pedestrians with impaired vision.

Raised Crosswalk

EDC-4 STEP: https://www.fhwa.dot.gov/innovation/everydaycounts/edc_4/step.cfm

Photo: Peter Furth / ioclo.org

CONSIDERATIONS

Raised crosswalks are typically installed on 2-lane or 3-lane roads with speed limits of 30 mph or less and annual average daily traffic (AADT) below about 9,000. Raised crossings should generally be avoided on truck routes, emergency routes, and arterial streets.

Drainage can be an issue. Raised crosswalks may be installed with curb extensions where parking exists. They may also be used at intersections, particularly at the entrance of the minor street.

Since this countermeasure can cause discomfort and noise (especially with larger vehicles), it may be appropriate to get public buy-in. Raised crosswalks may not be appropriate for bus transit routes or primary emergency vehicle routes. For States that experience regular snowfall, snowplowing can be a concern.

COST

The cost associated with a raised crosswalk ranges from \$7,110 to \$30,880 each, with the average cost estimated at \$8,170.

Traffic Safety and Signage Committee - Agenda Request Form

City Contact: Tracy Billings
tbillings@bentonvillear.com
(479)696-0229

First Monday of Each Month
Council Chambers
305 SW A Street

Item Details

TSS Meeting Date:

Applicant Name:

Chris Brown

Applicant Email:

dupharmboy@gmail.com

Applicant Address:

3903 SW Ridgeway

Applicant Phone#:

918-541-7955

Item Type (check any that apply)

Right of Way Closure Request:

- ☐ Special Event
☐ Race/Run
☐ Construction

- ☐ Full Street (both directions)
☐ Lane Closure (one direction)
☐ Sidewalk/Trailway

ROW Closures require consult with Police Department prior to submission of this form.

Contact: Lt. Glynn Bertrand (479)418-8610 or Sgt. Josh Carlson (479)531-5889

Traffic Calming Request:

- ☒ New Signs
☒ Crosswalks/Signal
☐ Striping/Street Markings
☐ Other

Applicant must provide Neighborhood Petition Notification Form of businesses/residents of the impacted area.

Action Recommendation/Request

- 1) Raised Crosswalk @ SW Cornerstone Rd + Crosswind BLVD
2) stop signs on @ crosswinds + Ridgeway Rd

Additional Comments

1) is a busstop & regular crossing path to go to park for children
cornerstone is a busy road with a lot of neighborhood traffic. Increased
safety & visibility for children

2) stop signs 4-way at intersection for children safety

*ROW CLOSURE REQUIRES 90 DAY NOTICE

All closure request require a site map, race/run route map and possible detour route. Must include proposed dates and times in the narrative.

Traffic Calming request will require a site map, neighborhood notification form completed and pictures of issue (if possible).

Little Sugar MTB

October 13, 2024

The Little Sugar MTB course travels north into Bella Vista and traverses the hollers and ravines of Little Sugar and Back 40. Set on a world-class urban trail system, the event offers grinding climbs that alternate with fasting rolling descents. Athletes are greeted with a backdrop of unique bluff lines, waterfalls, the iconic Ledges and a view of the picturesque Crystal Bridges Museum of American Art.

Little Sugar MTB will be a Leadville Trail 100 MTB qualifying event and features an Elite Prize Purse of \$25K.

Big Sugar Gravel

October 19, 2024

Poised as Bentonville's marquee gravel race, the event begins in downtown Bentonville and loops through Southwest Missouri. The course conquers chunky, canopy-covered gravel roads and punchy climbs through the picturesque Ozark Mountains. Race features include everyone's favorite aid station at Whistling Springs Brewery, where athletes can stop to have a beverage and say hi to Buttons the pig and an array of farm animals.

The event celebrates the cycling community and is backed by the original Unbound Gravel production team, with the addition of Bentonville locals Nat Ross and Gabbi Adams.

Neighbor Petition Notification Form

A common concern of neighborhood residents is the parking, volume, and speed of traffic on local residential streets. Traffic calming techniques are designed to help address these concerns.

For more information on Bentonville's Traffic Calming Policy and Committee, visit
<http://bentonvillear.com/1406/Traffic-Safety-and-Signage-Committee>

Address/Intersection of Concern: C Street in between 28th street and 34th Street

Description of the Proposed Traffic Calming Request:

***Must include a statement and/or drawing describing the proposed traffic calming measures.**

We would like to see the crosswalk on C Street crossing into Phillips Park updated with flashing light signs to alert drivers when pedestrians are trying to cross. We would also like to see radar speed signs encouraging drivers to obey the 25 mph speed limit, and slow down when they are speeding. Two signs on either side of the park would be great to keep pedestrians, cyclists, and park goers safe.

Signature below is in favor of the Request as stated on this form.
