Hi Tracey,

My name is Jaimie Owen and I am a resident of Bentonville hoping to have some additional street signage added in my neighborhood. I'm located in the Central Park Neighborhood where we have four schools within walking distance. I noticed nearest to Central Park Elementary there are signs that prevent parents from dropping off/picking up students on SW Liberty Avenue. I am hoping to have the same signage added to SW Wisteria and SW Freedom if possible.

There were several issues last year with fedex, lawn care vehicles etc., struggling to service the homes on these streets during the pick up/drop off hours due to parents parking on them. I also witnessed some close calls of kids crossing these streets and cars not paying close attention with all the additional foot traffic. I spoke with the resource officer of Fulbright Jr. High early last fall about the matter as well. The problem significantly increased by the spring and I could count upwards of 20 vehicles parked on these two streets. It's been summer and a lot quieter around the neighborhood so I have not taken action in reaching out, but I anticipate the issues to arise again with the school year right around the corner.

I noticed Edgar Estates, a neighborhood not far from mine, also has some similar signage to what I am hoping to have installed. Attached is a form I received from some email correspondences last year with one of your colleagues. I was told by this person that I may need signatures from other residents in my neighborhood. We have an upcoming POA meeting and if this is the case, I will collect those then. Please let me know what I need to do next.

Thank you!  
Jaimie Owen

<b>Title:</b>	11th and G Street Signage
<b>Action/ Recommendation &amp; Comments</b>	I would like to request a traffic study done at 11th and G St. between Bella Vista and Walton Blvd. 11th street is becoming hazardous for families as vehicles will speed down this street when entering or exiting Walton Blvd. I would like to ask if the city could please turn this intersection (11th and G St.) into a 3 way stop sign, or install speed table(s) on 11th St. to help regulate the speed of traffic on such a small residential street. Some of the biggest offenders of speed are actually the school buses that go way too fast through this intersection. There are many families in this area that have to utilize this intersection to access schools and it is becoming quite dangerous.
