# Neighbor Petition Notification Form

A common concern of neighborhood residents is the parking, volume, and speed of traffic on local residential streets. Traffic calming techniques are designed to help address these concerns.

For more information on Bentonville's Traffic Calming Policy and Committee, visit <http://bentonville.com/1406/Traffic-Safety-and-Signage-Committee>

Address/Intersection of Concern: 3rd Street, NW G St, Jefferson St, NW D St

Description of the Proposed Traffic Calming Request:

**\*Must include a statement and/or drawing describing the proposed traffic calming measures.**

The streets surrounding RE Baker and Old High Middle School were recently repaved and no longer have cycling "sharrows" painted on the roads. Because these streets need new markings, we'd like to improve what was there with new "advisory shoulders" or bike lanes running in each direction along high pedestrian streets within the neighborhood that would link 3rd street to downtown. Attached is an illustration along with a map of a proposed route.
